CRSPIA Cuyamaca Rancho State Park Interpretive Association

The mission of CRSPIA is to support California State Parks, including Cuyamaca Rancho State Park by providing educational and interpretive activities as well as funding exhibits, building improvements, trails and our volunteers who patrol the trails to enhance the experience of our visitors.

What is CRSPIA and why is it important?

CRSPIA is a non-profit funding organization that channels much-needed funds to Park staff and volunteers to help with their interpretive responsibilities. We also provide funding for the many trail signs and trail head information boards; radios used by volunteer patrols; the Visitor Center and its exhibits; equipment and displays used for the campfire programs and the salary for our Interpretive Specialists.

Interpretation is one vital component of our mission because it helps visitors explore and discover their personal connections to history, landscapes, and wildlife that are our common heritage. Interpretation is the soul of State Parks, but it faces challenges when budgets are tight. Through membership, fundraising and donations CRSPIA helps the park face those challenges.
